The Baltimore Herald of yesterday has the foliowing account of a wedding in that city, which will be of interest to the relatives of the bride here and elsewhere in Virginia:

Miss Mary Emeline Wise, daughter of the late Mr. and Mrs. Robert Hanson Wise, of St. Mary county, Maryland, was married to Mr. Frank Funk Ramey at St. Luke's Protestant Episcopal Church, Carey Street, near Lexington, by Rev. James Briscoe, uncle of the bride, yesterday afternoon. Owing to the recent death of the bride's mother my formal invitations were issued to the wedding, and only a few near relatives were present.

The bride is the granddaughter of the late Dr. Walter Hanson Stone Briscoe, of Sotterly, St. Mary county, Maryland, and through her mother, who was Miss Margaret A. Briscoe, is related to the Stone, Hanson, Robertson, Dalliam, Thomas and other prominent Maryland families. She is also a nicce of Colonel James Calvert Wise and the late Alexander Wise, of Louisiana, and codin of the late Governor Henry A. Wise, of Virginia. Mr. Ramey is a son of the late James Madison Ramey, of Strasburg, Va. He is a member of the Haltimore bur and of the Kappa Sigma Fraternity.

Miss Elizabeth Wilson was bridesmald and Mr. Brown M. Allen was best man, The bride was given away by her brother, Mr. J. Dallam Wise. After the ceremony the couple left for a trip through Southerd Maryland, and on their return will reside at No. 208 West Franklin Street.

the hot weather, the attendance was not so large as usual.

A large number of appeals especially for ice were sent in, the need being greater because the auxiliary has up to this time received no ice tickets from the lee Alission.

The work of the auxiliary lies almost entirely among old people, to whom milk and ice are a necessity.

The treasurer reported the receipt of money from Lee Camp and that no case of need among the widows or relatives of Confederate soldiers had been turned away. The work goes on as it has done for years, quicity and unobtrusively, but none the less effectively.

COMMISSION WILL COMPLETE RULES

The Corporation Commission has spent another day in the consideration of rules for the government of domurrage and detention charges, and two more sessions were devoted to the examination of wilmsses. Captain F. H. Deane, of Richmond, testified for the merchants and shippers, and Judge F. C. Moore, counsel for the West Virginia Pulp Mills, appeared as a witness for his company. Vice-President and General Manager Johnson, of the Norfolk and Western Railroad, was the only witness for the companies. The argument will be gone into and completed to-day.

The commission will to-day take up the question of compelling the Southern Railway to afford a better passenger soledule between Charlottesville and Synchburg. The commission hopes to dispose of both the pending cases during the day.

However, incoming ocean steamers report a greater number of icobergs and denser fogs in the North Atlantic than usual, showing that much warmer weather has been experienced at the north-pole, causing rapid melting and breaking up of fee. In consequence, the northern atmosphere becomes saturated with and precipitated in dense volumes as soon as the temporate regions of the United States are reached. Whether there is any truth in this cannot be known; certain it is, the elements have been greatly out of their normal condition this season, and so far we have had very little real to summer weather.

The county of Albemarle has been visited during the month by three heavy cloudbursts, causing great destruction in washing of lands, carrying off fences, bridges, crops and making roads almost impassable. We have also had two of the most severe hall and electric storms known in recent years, damagings the ripening grain and fruits and killing many catile by lighning. Altegether, the farmer has been placed in a most deplorable and gloomy condition, with the loss of much hay and wheat, while the corn is very backward, with the land too wet to keep down the grass.

The redeeming features are in a fine after-grass crop and good spring oats. Early peaches and apples will be abundant.

ECHOLS' CONCENTRATED IRON AND ALUM WATER

THE GREAT NATURAL MINERAL WATER REMEDY.

men and women from all over this country hive been cured of Chronic Diseases after man-made medicines failed. No; one of these persons had to leave home to take the treatment. It is no longer necessary to spend time and money by going to the springs. The Water is reduced to such a degree that 8 ounces of it equal 10 gallons of the Natural Water, and produces much better results than if this quantity was used in the springs. The Concentrated Water contains 21 different minerals, which are nearly identical with those composing a healty human system. When a person is sick, it shows that some of these important minerals have escaped, and health cannot be expected until they have been replaced.

There is no treatment known to science which restores lost vitality like

Piedmont Concentrated Iron and Alum Water.

If you have two or three complaints, it will cure at of them just as easily as if you had only one, for it gets into your system thoroughly and gives to every organ of the body that which is needed, whether it be iron, magnesia or aluminum, etc.

Should there be several sick ones in your family, give the Concentrum Water a trial for your own disease—this will prove what we have said; then let them all drink at this Celebrated Mineral Bring, which you have placed under your own roof.

placed under your own roof.

If we cannot benefit you, your money is not waited, but we have yet to see a person give it a fair trial without being curd or greatly benefited.

Such diseases as Indigestion, Rheumatism, Kidndy and Bladder Troubles, Catarrh, Female Complaints, Torpid Liver, Stomich and Bowel Troubles, Scrofula and all Blood Diseases are being curd every day by this Remedy, and we want every person in need of such treatment to give it a trial.
